**ADDITIONAL SUPPORTS** – additional protection.

## OUR PROJECTS IN THIS FIELD HAVE SOLVED THE PROBLEMS:

- Unloading a sea container located at the front of the semi-trailer,
- Loading enormous wide and heavy construction machinery onto the semi-trailer,
- Loading goods having a height equal to the height of the semi-trailer,
- Unloading a hook lift with a container for segregation,
- Implementation of a universal ramp serving as dock, mobile and ramp for loading wide and heavy agricultural equipment,
- Ramp with a roof to protect the goods against weather conditions,
- Bus unloading ramp.

The warranty period is 12 months. We comply with EU legal regulations. Our products are CE certified, and meet the requirements of the Machinery Directives
